Editor's Note

G.M.M. would like to thank the many contributors to the Directory of Axolotl Colonies. The next issue will contain a collection of cartoons, poems, etc. in which the axolotl is the central character. Contributions are welcome, and should be submitted by March, 1979. In a future issue of the newsletter a section will be devoted to disease control. Contributions - both brief summaries and detailed reports - will be published. Please submit copy by either March or September, 1979.
